

PrinterOn Enterprise Private Cloud Print Platform Release Notes

Enterprise 2.3.2 – PSIM 2.3 (BR)

Product Changes and Enhancements

PrinterOn's Enterprise Server provides Enterprise-grade cloud print services for Corporate, Enterprise or Education use. This private cloud solution leverages PrinterOn's years of mobile print experience to provide a complete printing solution for native mobile apps, email, web and desktop printing.

This maintenance release of PrinterOn Enterprise provides minor compatibility and reliability updates.

The following are some of the enhancements and improvements that have been made in this version of the PrinterOn Enterprise Platform.

PrinterOn Enterprise New Additions

- **Improved – Print Delivery Gateway Proxy Support**
Improved overall proxy support including:
 - Added Proxy support between Print Delivery Gateway and CPS.
 - Addressed an issue that caused PDG to fail to connect to CPS in a proxy environment after installation. Local addresses are now ignored when using a proxy server.
- **Fixed – Exchange 2013 Compatibility**
Addressed an issue that caused email to stop being processed and downloaded from a mailbox with some Exchange configurations. Symptoms included mail not being deleted from the Exchange mailbox. Improved email body print quality output when printing using Exchange 2013, including cleaning up unexpected RTF tags in messages
- **Fixed – Unable to log into CPS Administration after installation when Proxy Configuration is Required**
Addressed an issue that caused the CPS admin page to fail to load when a proxy configuration is required.
- **Fixed – Java Installation failure During Upgrade**
Addressed an issue that caused Java to fail to install during an upgrade in some situations. Symptoms included failing to launch the PDS and/or PDG user interfaces.
- **Updated – Apache Tomcat Update**
The Apache Tomcat version included with PrinterOn Enterprise has been updated to 7.0.54.
 - Addressed security issues
 - Removed unneeded Tomcat files and folders
- **Documentation – PQMS Configuration Information**
Updated Technical Support Notes to include instructions on configuration Pass-Thru for PQMS.
