

PrinterOn *Enterprise Edition 3.1.2* and *Express Edition 3.1.2* Release Notes

Product Changes and Enhancements

PrinterOn 3.1.2 is a minor maintenance update to the PrinterOn Server Solution to address a few reported issues. This version of the PrinterOn server supersedes previous releases and should be used in all deployments.

The following are some of the enhancements and improvements that have been made in this version of the PrinterOn Server Platform.

IMPORTANT NOTE: *PrinterOn Server 3.x only supports upgrading from version 2.5 or higher. For upgrades from previous versions, please update your software to the latest version of 2.5.*

PrinterOn Enterprise and Express New Additions

- **Fixed – Print Jobs not recognized by Equitrac when using On-Premise deployment mode**
Addressed an issue reported that caused Equitrac's solutions to fail to recognize print jobs submitted to a managed queue by the PrinterOn solution.
- **Fixed – Print Delivery Hub fails to accept print jobs – *Enterprise Edition Only***
Addressed an issue when deploying the PrinterOn Print Delivery Hub that could cause the Print Delivery Hub to fail to access jobs delivered from the PrintAnywhere server or PrintWhere client.

Installed Product Information

PrinterOn Enterprise Edition 3.1 and Express Edition 3.1 both use the PrinterOn Server. Here is what is included.
