

## NOTICE OF TECHNOLOGY UPGRADE

**Effective July, 2011**

### **PrinterOn PrintConnect 3.0 (Build 1.1AJ)**

---

The PrinterOn PrintConnect is a ready-to-go, compact network device that turns nearly any printer into a PrinterOn-enabled printer.

The following enhancements have been made in this version of the PrintConnect software.

- Improved localization support in Web Release Interface. Updated translations for Spanish, French, Italian, German and Dutch.
- Updated the Web Release Interface to display document names in job list.

Please contact [support@printeron.com](mailto:support@printeron.com) if you have any questions.
